

Industrial Evolution Partners with IAPI in Mexico

Mexican customers now have a local partner for sales and project implementation

PHOENIX, ARIZONA, November 29, 2002— Industrial Evolution is pleased to announce that it has formed a partnership with Mexican company IAPI, S.A. de C.V.

Based in Mexico City, IAPI specializes in the design, specification, installation and commissioning of instrumentation systems for the process industries.

Commenting on the partnership, Simon Wright, President of Industrial Evolution said “Industrial Evolution is proud to be associated with IAPI in Mexico. We have worked together for over year on various projects, which have all been successful. IAPI has a reputation for quality work and unmatched customer support – attributes that make them successful, and have helped grow our mutual business in Mexico.”

Guillermo Guzmán Ruiz, Founder and Technical Director of IAPI added, “I am happy to partner with Industrial Evolution – they have the best technology and a working attitude that is ideally suited for our environment in Mexico. Our customers appreciate their work and services. The combination of IAPI local service and support together with Industrial Evolution’s technology will bring unmatched capabilities to the Mexican market that I am confident will be appreciated by our customers.”

For more information contact your local Industrial Evolution representative or IAPI directly for additional information.

About Industrial Evolution

Industrial Evolution specializes in Data Services that capture, store, transform, exchange and present real-time process data. Large process companies are increasingly forming collaborative partnerships with their suppliers, customers and even competitors, focused on improvement in operating performance, reduction of inventory, increase in supply chain efficiency and optimization of logistics. Our service are tailored to the non-operating partner’s need for real-time data from an operation in which it has an economic interest

.Industrial Evolution is headquartered in Phoenix, Arizona, and also has operations in Edmonton, Alberta Canada. Additional information is available on the Internet at www.industrialevolution.com or call Simon Wright on +1 (602) 867-0416.

About IAPI

IAPI specializes in the design, specification, installation and commissioning of instrumentation systems for the process industries. With particular expertise in application of instrumentation and telemetry devices, IAPI has the skills and experience required to make all vendor-managed inventory projects a success.

IAPI is headquartered in Mexico City, Mexico. Additional information is available directly from IAPI by calling Guillermo Guzmán on +52 (55) 5559-4222.
